3D graphics

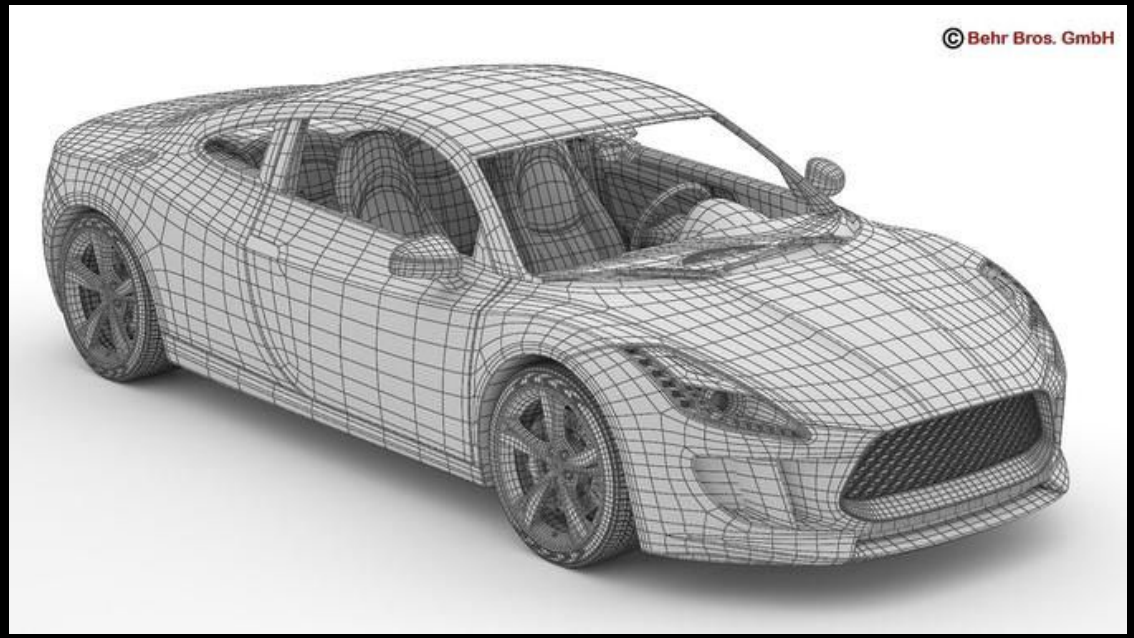

M1 MOSIG

Contact:
thibault.tricard@inria.fr

Overview of Computer Graphics

Modeling

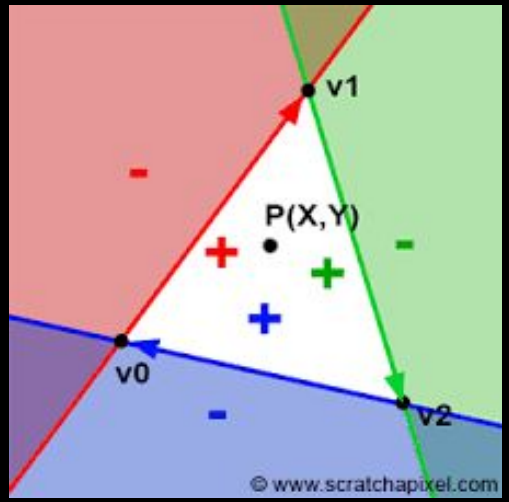

- Camera creation
- Meshes
- Transformations
- Etc.

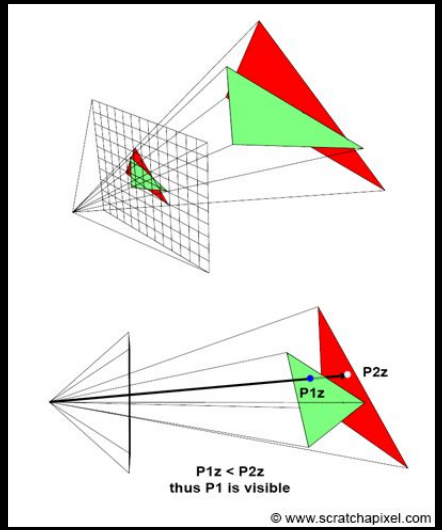

Overview of Computer Graphics

Rasterization

- Drawing primitives
- Depth buffer
- Rendering pipeline
- Etc.

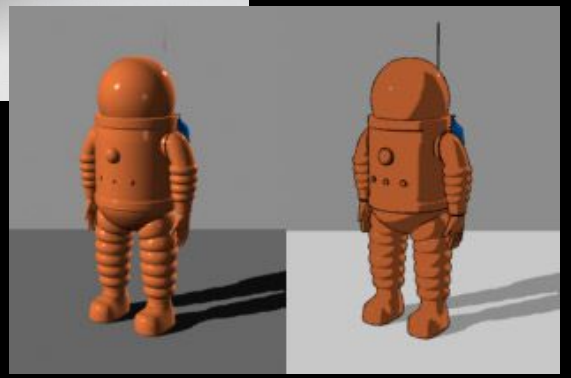

Overview of Computer Graphics

Rendering

- Shading
- Expressive rendering
- Textures
- Etc.

Overview of Computer Graphics

Practical

- Python
- GPU architecture

Evaluation

Project : 50%
Exam : 50%
